1. Introduction

1.1. Document Objective

This document describes performing a gap analysis on product management activities.

<Comment: Perform a gap analysis every month. Assess improvement every yearly quarter. Always note critical gaps that need particular attention.>

2. Gap Analysis Process

2.1. Section Objective

Gap analysis is a procedure for assessing how well product management tasks are performed. Gap analysis identifies areas of improvement, priorities, and task ownership.

2.2. Gap Analysis Glossary

- Importance: The importance of the activity to the company.
 - (H=high, L=low)
- Assessment: How well the activity is being performed.
 - (H=high, L=low, ND=not done)
- Current/Proposed Owner: The role, person, or corporate function associated with the activity.
 - (PP=product planning, SE=sales engineering, PM=product marketing, MC=marketing communications, D=development, EX=executive management)
- Hours/Week: The total number of hours per week that should be allocated or devoted to the activity.

2.3. Gap Analysis Worksheet

<Complete and fill in the worksheet below using the glossary definitions. Proposed ownership changes come last.>

2.3.1. Product Planning

| PMTK Phase | PMTK Task | Task Description | Importance | Assessment | Current Owner | Proposed Owner | Hours/Week |
|---|---------------------|--|------------|------------|---------------|----------------|------------|
| Planning Describe market problems and needs. | Market Requirements | Documenting functionality sought to address the market problem. | | | | | |
| | Use Cases | Ways various users put the product to use and under which scenarios. | | | | | |
| Definition Define solutions | Features Matrix | Managing actual product capabilities. | | | | | |

| PMTK Phase | PMTK Task | Task Description | Importance | Assessment | Current Owner | Proposed Owner | Hours/Week |
|--|--------------------|---|------------|------------|---------------|----------------|------------|
| to market problems. | Product Roadmap | Plan or vision that describes a product's evolution. | | | | | |
| Development Build solutions that solve market problems. | Pricing Model | Building a product pricing model. | | | | | |
| | Product Evangelism | Performing actions that promote and distribute information for a company. | | | | | |
| Maintenance Sales channels support and product revisions. | Win/Loss Analysis | Process whose output helps improve products and develop better sales functions. | | | | | |
| | Customer Visit | Planning customer visits with the intent of better understanding their needs. | | | | | |

2.3.2. Product Marketing

| PMTK Phase | PMTK Task | Task Description | Importance | Assessment | Current Owner | Proposed Owner | Hours/Week |
|--|---------------------|--|------------|------------|---------------|----------------|------------|
| Evaluation Examine opportunities to serve the market. | Business Case | Examination of a potential market opportunity on a product level. | | | | | |
| | Competitor Analysis | Analysis of competing companies, partially via their products. | | | | | |
| | Product Comparison | Tabular comparison of competing products. | | | | | |
| Strategy Formulate the market approach. | Corporate Mission | General business direction and company purpose. | | | | | |
| | Product Positioning | Clear and focused messages that communicate the product's value proposition to multiple audiences. | | | | | |

| Learning | Gap Analysis | Procedure for assessing how well product management tasks are being performed. | | | | | |
| | Performance Review | Product management merit and performance measurement process and tool. | | | | | |

2.4. Gap Analysis Review

This sub-section describes the phases of the Gap Analysis Review.

<Comment: Perform the steps below after completing the worksheet.>

- 2.4.1. Gap Correction Plan
<Define and describe a plan to address the gaps in the performance of activities.>
<Comment: Scan the worksheet for the most severe gaps. Identify in the importance column the areas where you are underachieving or overachieving.>
- 2.4.2. Task Ownership Plan
<Define and describe a plan to address problems in task ownership. Assess employee skills and introduce a plan to improve them. Go through the worksheet and assign proposed ownership changes.>
<Comment: Review the current team structure. Do you have the right owners for each activity? How might you assign or combine activities differently in light of existing skillsets? What are additional skills required in the product planning group to fulfill all activities?>
- 2.4.3. Task Efficiency Plan
<Define and describe a plan to address the gaps in staffing.>
<Comment: Use the hours/week column to determine where team members are currently spending their time. Determine how much time should be spent on the various activities, and divide the total number of hours by 40 to determine how many people are needed to do the job.>
- 2.5. Gap Analysis Conclusions
<Provide a summary of conclusions derived from performing this gap analysis.>
3. Supporting Data
- 3.1. Section Objective
This section provides data supporting claims, assertions, assumptions, and statements made throughout this document.
- 3.2. Assumptions
<Describe any assumptions made while preparing this document.>
- 3.3. Research Information
<If relevant, describe and list the type and scope of research conducted while preparing this document.>
- 3.4. Product Diagram/Architecture
<If relevant, describe the product's architecture and modules accompanied by a schematic diagram.>
