

Blackblot® PMTK

Product Org For

Claude

<Comment: This complete set of structured MD files and supporting assets is designed for use with Claude (a next-generation AI assistant developed by Anthropic), enabling automation and implementation of the PMTK® methodology with AI assistance.

By combining the PMTK® proven product management methodology with an AI-based application, product professionals at all levels can apply PMTK® in an automated, consistent, scalable, and hands-on manner. >
